Portfolio

SUMMARY

Full Stack Developer passionate about building seamless, responsive, and high-performance web applications. Skilled in transforming ideas into engaging digital solutions with a strong focus on user experience and innovation.

WORK EXPERIENCE

Drivigo

Web Developer Intern

Jun 20th - Sep 20th

- Developed front-end features with HTML, CSS, and JavaScript to enhance user experience.
- Collaborated with team to support the startup's driving education vision

InnoByte Services

Data Analyst Intern

Aug 5th - Sep 5th

- Analyzed and processed large datasets, providing actionable insights to support business decisions.
- Demonstrated strong problem-solving and data visualization skills to improve reporting processes.

EDUCATION

Shree Guru Gobind Singh Tricentenary University

Bachelor of Technology In Computer Science and Engineering - 8.62

2022 - 2026

PROJECTS

Movie Exploration Web Application

- Developed a responsive movie app using React, Vite, and TypeScript for a smooth user experience.
- Built modular, reusable components to improve scalability and maintainability.
- Optimized performance with Vite's fast builds and TypeScript's type safety.

Frontend Projects

- Created 27 interactive web apps using HTML, CSS, and JavaScript, highlighting form handling, dynamic content, and responsive design.
- Built projects like FD Calculator, Cursor Animation, and Bell Notification to enhance user interaction and visuals.

Python Projects

- Built a diverse set of Python projects covering automation, games, and utilities.
- Developed apps like ATM Simulation, Hangman, Rock Paper Scissors, and Password Generator.
- Emphasized real-world use cases, scalability, and Python's versatility.

SKILLS

- **Front-end:** HTML, CSS, JavaScript, TypeScript, Node.js and REACT.
- **Tools & Database:** Git, GitHub, SQL Workbench, MongoDB, MSWord and Excel.
- **Programming Language:** Python and R Programming.

CERTIFICATE

- REACT JS Masterclass - Udemy
- Hands-On JavaScript: Crafting 20 Projects from Scratch – Udemy
- Build E-Commerce using REACT - Scaler
